t the contracting  
from the state's  
ate contracts

24. Direct  
supported commercial  
long-term general obli  
\$25 million annually.

te general fund  
-03 biennium to  
ould increase by

25. Provide \$75 million of general obligation bonding in a new bonding appropriation for refunding tax-supported and self-amortizing general obligation bonds. Specify that no bonds could be issued after June 30, 2003. Increase estimated GPR-Lapses by \$50 million in 2002-03 to reflect projected savings from refunding \$50 million of general fund supported bonds that otherwise would be paid off in that year.

26. Delay the payment of \$115,000,000 GPR of general school aids scheduled to be made on the third Monday in June 2003 until the fourth Monday in July, 2003. Provide \$700,000 GPR in 2002-03 in a separate sum sufficient appropriation created for this purpose to pay interest to school districts for their portion of the delayed payment. Specify that this interest payment for each school district would be calculated using the annualized state investment fund earnings rate for April 2003, to provide each school district with the amount of interest it would have earned using that earnings rate on its portion of the payment delay for the period of the delay. Provide that this payment of interest would be made by DPI on the third Monday in June, 2003. Specify that this payment of interest would be outside of revenue limits and would not count towards two-thirds funding of partial school revenues.

27. Specify that the statutory balance only for 2002-03 would be \$50 million.

28. Modify the proposed tax relief fund and tax relief credit to specify that the first \$115 million of monies received that otherwise would be deposited in the tax relief fund, would instead be used to buy back the \$115 million school aid payment delay.

29. Reserve \$44 million in 2002-03 for prescription drug legislation.

30. Exclude community service levies from the limited levy under revenue limits. Specify that the community service levy would be excluded from a district's prior year base revenues and from a district's current year revenue limit beginning with revenue limits calculated for the 2001-02 school year. Exclude these levies from the definition of partial school revenues. Delete \$11,333,900 GPR annually in general school aids to adjust two-thirds funding.

31. Eliminate the December 31, 2003, scheduled termination of the sales tax exemption on gross receipts from the sale or use of a one-time seat license for Green Bay Packers football games.

32. Create an individual income tax checkoff for donations to a local professional baseball park district (Baseball District). Provide that the revenues from the individual income tax
